

17th INTERNATIONAL CONGRESS — of HISTOCHEMISTRY and CYTOCHEMISTRY ICHC

S A V E the D A T E
AUGUST 27-30.2025
RIMINI-ITALY

PRELIMINARY PROGRAMME

SESSIONS

- Frontiers in Stem Cells and Regenerative Medicine
- Advanced Research in Cell Death, Aging and Differentiation
- Muscle Physiology and Physiopathology
- Nuclear Domains: Histochemistry and Imaging
- From Histochemistry and Histopathology to Clinical Translation
- Neurovascular Unit: from Structure to Pharmacological Targets
- Omics, Morphology and Artificial Intelligence
- Nutraceuticals: New Pathways for Cellular Health beyond Foods

WORKSHOPS

- New Horizons in Flow Cytometry: Advances in Analyses and Characterization of Extracellular Vesicles
- New Generation Technologies in Cytochemistry, Histochemistry, and Microscopy
- From Animal Models to Animal-free 3D Cultures and Organoids

AWARDS

- Glick Award
- Young Histochemists Awards
- Best Posters Awards
